PROFILE

I am a passionate and motivated Junior Full-stack Developer with a self-taught background in web development. After mastering key front-end and back-end technologies independently, I joined an intensive bootcamp to further enhance my skills and work on real-world projects. I am skilled in JavaScript, Node.js, React, PHP, Laravel, and database management using MariaDB with HeidiSQL. Eager to leverage my skills in collaborative environments, I thrive on tackling complex challenges and continuously expanding my technical knowledge to craft seamless, high-performance applications that meet user needs.
